'GAY NINETIES' OFF TO ROARING START

PALM DESERT—Nostalgia had its way here last night as residents of desert communities flocked to the Shadow Mountain Club to help Palm Desert launch its first "Gay Nineties Days." Crowds in excess of 300 jammed the Shadow Mountain Club, turned the clock back more than half a century, and proceeded to have a cake-walking exhibition, a Western dinner and show and assorted games and contests.

Clay Stearns, director of Palm Desert Players, and his partner, Mrs. Leifla Howell, who has a role in the Players' upcoming production of "Fireman, Save My Child," won the cake walk competition. Judging was by the Arthur Murray Studios.

THERE'S MORE OF the same on tap today and tonight with a chuck wagon stampee—a dinner catered by Western chef Johnny

Syrian Cannon Shell Israel Settlements

JERUSALEM (UPI)—Israel charged today that Syria turned its heavy weapons on half a dozen border settlements in the Huleh Valley Wednesday, touching off the heaviest artillery duel since the 1948-49 Palestine War.

In Damascus, a Syrian Army spokesman blamed Israel for the "surprise aggression." He said the Syrian bombardment, which started "several fires," was ordered in retaliation for an Israeli attack.

The only reported casualty was an Israeli shepherd killed in the burst of small-arms fire that heralded the heavy attack.

For Holiday

CC Chamber Plans Projects

CATHEDRAL CITY — Three major end-of-the-year projects have been undertaken by the local Chamber of Commerce, all concerning the holiday season.

The group has initiated a drive to secure funds to put up Christmas decorations next year, and announced that the strings of lights in the unincorporated community have been installed for this year.

CHAMBER MEMBERS placed the stamp of approval on the second annual Christmas decoration contest, and specified four categories to be judged in the contest—residential, business, trailer parks and off-highway business. This committee will be headed by C. A. Hadden, and he will be assisted by Ray Abbey and Orvil Zappe.

And, from today on, all efforts will be made by Ray Abbey to promote the third annual First Baby of the Year Contest. A host of prizes will be collected from

local merchants and the first baby born in the new year from the Cathedral City area will be presented with a host of gifts.

CHRISTMAS LIGHTS were put up this week on Broadway with the use of funds collected in a drive last year, and the new drive is now under way to collect funds for next year's display. Donations for Christmas lighting will be taken at the Security Bank, Down's Shoe Tree, and Scott's D'sert Wear.

Members of the Chamber decided to use trophies and plaques as awards in the annual home decoration contest instead of money orders from local merchants, giving the winners of the contest a more suitable prize for a civic endeavor. Ben Scott is heading the campaign.

At the meeting a highway cleanup campaign was also discussed, and it was decided that with the help of local civic organizations the job would be done in January.

U.S., Allies to Consider Conference With Russia on West Berlin Situation

Reds Insist On Veto With Nuclear Ban

Radio Moscow Gives Details Of Proposal

GENEVA — (UPI) — Hopes for an effective ban on nuclear testing faded today when the Russians announced they will insist on the right to veto decisions of the organization set up to police the ban.

Radio Moscow, violating a pledge of secrecy, broadcast a detailed account of Soviet proposals on the nuclear-test conference here revealing for the first time that Russia will not accept majority rule in the control group.

THE BROADCAST reaffirmed the Russian demand that tests must be banned "for all time," but at the same time expressed "strong objections" to the idea of setting up permanent inspection teams to police it.

The combined effect of the Soviet declarations probably will be to doom the conference on testing to failure.

At the same time, Radio Moscow served thinly-veiled notice on the United States and Britain that Russia reserves the right to resume testing at any time and to continue it until agreement on a ban is reached.

THE STATED GOAL of the prospective resumption of Soviet nuclear tests was to "match the total number of U.S. and British explosions since March 31, 1958"—when the Russians announced they were suspending tests.

The Kremlin resumed its test program just before the nuclear conference here began. At least two nuclear explosions in Soviet territory have been detected since the conference got under way.

Debbie Files For Divorce From Eddie

'Ideal' Marriage Seeks Legal Severing in L. A.

LOS ANGELES (UPI) — Actress Debbie Reynolds today filed suit for divorce from crooner Eddie Fisher, attorney Frank Belcher announced.

The pert young actress separated after Fisher had a three-day spurge with sultry Elizabeth Taylor in New York.

When Fisher returned to Hollywood he conferred briefly with Debbie and the once-ideal couple jointly announced "We are having a misunderstanding."

FRIENDS AND gossip on both coasts were surprised when Fisher, a close friend of Miss Taylor's late husband, producer Mike Todd, squired the actress to several night clubs. Reports of their sky-larking moved Debbie at the time to announce that all three "are very close friends. There is nothing to the romantic rumors at all."

But a few days later Eddie and Debbie separated.

SEVERAL DAYS after the "misunderstanding" announcement, Miss Reynolds closed the door on a possible reconciliation and through her attorney announced negotiations to bring about a divorce settlement.

The divorce filing ended what had been considered as an "ideal" marriage.

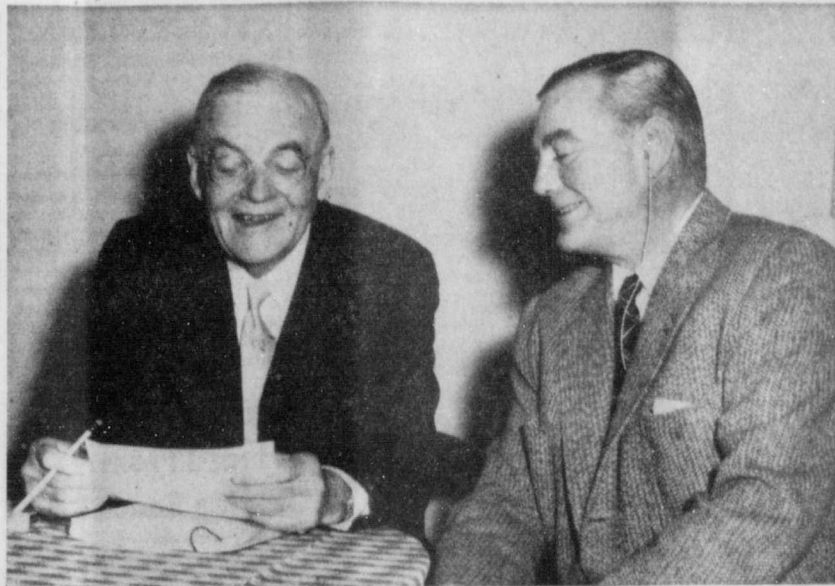

Boysish Eddie denied at the time that he was in love with raven-haired Miss Taylor.

"NO, I'M NOT in love with Liz," Fisher said. "She's not in love with me. The problem between Debbie and me has nothing to do with Elizabeth. We are all good friends."

However, Fisher took the blame for the separation and said it had been coming for some time.

Fisher moved out of the family home in Bel-Air and Debbie remained there with the couple's two children, Carrie and Todd, named after Mike Todd.

ENDING HIS VILLAGE VISIT, Secretary of State John Foster Dulles, left, discusses his proposed San Francisco speech with his former undersecretary, Herbert Hoover, Jr., at the statesman's Smoke Tree Ranch cottage. DULLES ENDS VACATION IN 'LOVELIEST CITY I'VE SEEN'

Secretary of State John Foster Dulles resumed his journey to San Francisco this morning, ending a two-day sojourn in "the loveliest city I have ever seen."

Dulles and his entourage, accompanied by Herbert Hoover, Jr., boarded an Air Force Super Constellation transport at Palm Springs Airport early today.

HOOVER, SON of the former president, and one time undersecretary of state under Dulles, joined the secretary's group at Smoke Tree Ranch late yesterday afternoon.

Dulles is scheduled to deliver a major policy address at the 31st annual meeting of the California State Chamber of Commerce in San Francisco this afternoon.

The genial statesman last night took time out to pose for news photographers at his Smoke Tree cottage with Hoover, a longtime personal friend.

Natalie Wood Asks Damages

LOS ANGELES (UPI) — Actress Natalie Wood Wednesday charged in a Superior Court suit that an article about her in TV and Movie magazine was false and libelous and asked for \$400,000 damages.

"YOUR CITY IS beautiful," Dulles remarked to newsmen. "It's the loveliest city I have ever seen."

The secretary said he spent all of yesterday afternoon basking in the sun while he prepared his San Francisco speech. He enjoyed two plunges in the Smoke Tree pool, according to Smoke Tree manager Herb Siemsen.

"This balmy weather is wonderful," Dulles commented as he escorted newsmen to the patio of his Smoke Tree cottage.

DULLES LANDED at Palm Springs Airport Tuesday night for a "secret" stopover after attending the inauguration of President Adolfo Lopez Mateos in Mexico City. It was his first visit here.

Nine Rescued After Crash

WASHINGTON (UPI) — Survivors of a Navy helicopter crash that took one life and injured nine other persons told today of a harrowing four-hour wait for rescue from the chill waters of the Potomac River.

Coast Guard and Washington Harbor police rescued the passengers from the fog-shrouded river Wednesday night, and at first it was thought all had been saved.

Ministers To Meet in Paris Dec. 15

Reunification Of Germany Also To Be Discussed

WASHINGTON — (UPI) — The United States said today it expects to discuss with Britain and France the possibility of a conference with Russia on the Berlin crisis and the entire question of German reunification.

The announcement was made by Lincoln White, State Department press officer.

WHITE SAID HE assumed the possibility of a Big Four conference would be discussed by Secretary of State John Foster Dulles when he meets in Paris with the British and French foreign ministers just prior to the semi-annual session of the foreign ministers of the 15 NATO countries.

The session is scheduled for Dec. 15.

The declaration of American willingness to consider meeting with Russia came when White was asked to comment on a statement in the House of Commons by British Foreign Secretary Selwyn Lloyd.

LLOYD SAID his country was prepared to meet with the Soviet Union to try to resolve tensions. There was no mention, either here or in London, of whether a proposed conference with the Russians might be held at the foreign ministers level or higher or lower.

Police Seeking Ex-Employee in Gambler's Death

PHOENIX (UPI) — Police investigating the throat-cutting double murder of gambler Gus Greenbaum and his wife today sought a former employee who once served a prison sentence for stealing from Greenbaum.

Milner Jarvis was wanted for questioning on his whereabouts at the time of the brutal slayings. Police said Greenbaum signed a complaint which led to Jarvis' arrest and conviction of stealing \$45,000 in 1948 from the Las Vegas Flamingo Hotel owned by the wealthy gambler.

Rain, Snow, Fog Cover North Central U.S.

United Press International
Cold air knifed down across the Great Lakes and Ohio Valley Thursday, bringing rain, snow and fog to the north central portion of the country.

Mild temperatures were forecast for most of the nation, but the mercury was to remain in the 20's and 30's throughout the North Central, North East and the Rockies.

Heavy fog enveloped a few sections of the country Wednesday night, including Detroit, where observers said the thickest fog in years shrouded the automobile city's crowded expressways and downtown area.

'Still Dangerous'

Malibu Inferno Nearing Control

MALIBU, Calif. (UPI)—The huge Malibu brush fire which has destroyed 40 homes and blackened more than 20,000 acres was reported almost under control today but still extremely dangerous.

The disastrous conflagration at one time forced several thousand residents including a number of movie and television personalities to flee their homes in the Santa Monica Mountains.

"THERE IS NO expected time for complete control," the county fire department reported.

More than 2,000 men remained on firelines, concentrating mainly on hot ticks of flame which endangered a populated section near Webster School and two other hot spots along a five-mile perimeter on the east and west lines.

"ALL MEN AND equipment are being held. No one has been released except the injured," the fire department announced.

More than 1,000 servicemen from nearby Navy, Army and Ma-

rine camps were assisting in the firefighting.

Low Ayres' \$50,000 home was among those destroyed. Others lucky were actor Glenn Ford, Bob Hope and Ronald Reagan whose properties were spared but who managed to save their homes.

A FLEET OF airplanes dropping packs of water-borate solution bombed the area, especially the hot spots and the inaccessible sections in the rugged canyons.

The fire by night looked like a million bonfires from a distance. But the stench of destruction could be smelled from miles away.

In the early morning light the fire scene was black.

A plume of dirty black smoke swirled 15,000 feet into the air and flattened out on the horizon, darkening the western part of the sky for Los Angeles residents 35 miles away.

Hot, dry and windy weather has plagued firefighters since the fire broke out Tuesday at the 20th-Century Fox ranch.

Coliseum Bomb Trimmed, But Didn't Explode

LOS ANGELES (UPI) — A police explosives expert today said a powerful time bomb discovered under the cheer leader's platform in the Coliseum where college and pro football games are held was triggered but failed to explode.

"The machine worked," D. A. Wolfer, a crime laboratory explosives expert said. "We tested the explosive and it detonated. Why it failed to go off under the platform we don't know."

"It was a powerful explosive—no Fourth of July stuff," he said. "It could easily have killed or wounded many persons."

THE HOMEMADE infernal machine set to go off at 2 p.m., kick-off time for college games at the 100,000-seat stadium, was found by a janitor Tuesday but its discovery was kept secret for 24 hours while police investigated.

It was possible the bomb was planted as long ago as Nov. 15 to explode at the UCLA-University of Oregon game that day or either the USC-UCLA game played Nov. 2 or the USC-Notre Dame game played Nov. 29.

THE BOMB CONSISTED of an 18 by 22-inch box containing about two pounds of grayish homemade explosives. At one end of the cardboard box was an ordinary alarm clock with wires attached to it and connected to a six-volt battery and two photo flash bulbs. "Both bulbs were burned out, indicating the machine had gone off but for some reason failed to explode," Wolfer said.

More Signals Heard From Outer Space

SAN ANTONIO, Tex. (UPI) — A moonwatch team here made a recording of a radio signal from space Wednesday night, noted its period cycle, and concluded that it must be coming from an unidentified, man-made satellite.

A day earlier scientists in Sunnyvale, Calif., who first heard the signal Nov. 26, reported it definitely was not coming from any known satellite now circling the earth.

Dr. Paul Seabase, in charge of the Trinity College moonwatch team in San Antonio, said the signal consists of a constant "beep-beep" in a series of two each similar to that sent out by the first Sputnik.

He said the broadcast appears to come in intervals of about one hour and 40 minutes, "apparently from an unidentified, orbiting satellite." He added that the signal is right on the Russian frequency of 20.004.

Eastern, Union To Resume Negotiations

MIAMI — (UPI) — Negotiations resume today between officials of Eastern Air Lines and its striking flight engineers and mechanics unions.

An Eastern spokesman reported "a little progress" following a meeting with the engineers Wednesday. But Miami union chairman O. N. Roberts said no progress was made and that the company asked for recess until today.

The crippling strike began Nov. 24 when the engineers and mechanics unions walked out. There have been no flights since the work stoppage began.

S. L. Shannon, Eastern's senior vice president, said the company would seek other means of operating its business. He did not say what those means might be.

MUSEUM FOUNDER DIES AT PERRIS

The man whose vision nearly a quarter of a century ago paved the way for the present Palm Springs Desert Museum died at the home of his son in Perris Saturday, it was learned here yesterday.

Theodore Zschokke, a Palm Springs resident since the early 1930's, died Saturday morning in the home of Theodore Zschokke, Jr., his son and only survivor. He was 80 years old.

Zschokke was born in Palo Alto, and was a graduate of Stanford University.

He lived for many years on Calle Palo Fierro and was active

in Palm Springs Community Church.

ATTEMPTS TO START a desert museum in a building were unsuccessful for Zschokke and his son so they created an outdoor museum near the present junction of South Palm Canyon Drive and Indian Avenue where the Shell Service Station now stands. Plants, cacti and reptiles — all peculiar to the desert — were included in the display.

Funeral is scheduled for 7:30 p.m., Sunday, in Perris Congregational Church with interment to be private.

Rancho Mirage Postmaster Gives Mail Tips

RANCHO MIRAGE — Some tips on Christmas mailing this year were issued today by Rancho Mirage Postmaster Sidney Greenleaf.

Combination mail, one of the newer services of the Post Office Department, may often be used to good advantage. It permits a mailer to enclose a letter or message inside a gift package simply by paying the appropriate letter rate postage, plus the postage for the package itself.

THE "FACING" of letters and cards so that they are all stacked the same way, with the address facing the same way, as well as the tying of mail into "Local" and "Out-of-Town" bundles will expedite mail, particularly when larger quantities of mail are sent.

Free labels for "Local" and "Out-of-Town" bundles are available at post offices.

A FREE POSTAL pamphlet, also available at post offices, entitled "Packaging and Wrapping Parcels for Mailing" should answer practically all questions any Christmas mailer might have on preparation of Christmas parcels for mailing.

Kansas-born, Mrs. Gill had been a Californian for 22 years. In addition to Mrs. Maskey, Mrs. Gill is also survived by three daughters: Mrs. Bill Bell, Mrs. Catherine Felts, both of Seneca, Mo.; and Mrs. John Widner, of St. Marys, Ohio; a son, Earl Hornaday, of Seneca, Mo., and by 26 grandchildren.

Wiefels and Son are in charge of funeral arrangements.

RECORDING DATE TO PUT "Gay Nineties" theme song on tape created this circus at Saints and Sinners Room in the La Paz Hotel here Tuesday. Bobby Ramos sings and scratches his guide in front of the microphone while Ted Grouya, who wrote the tune, smiles his

approval. Backing up Ramos are Amador Herrera, piano; Eddie Aparicio, drums; Lalo Guerrero, base, and Augie Alcaraz, flute and conga. Recording engineer Bob Price of Palm Springs Music Co. is in the background. (Desert Sun Photo)

'GAY NINETIES' THEME SONG HAS ZANY RECORDING DATE

A recording date to end all recording dates — as an assist for Palm Desert's Gay Nineties Days — turned the La Paz Hotel's Saints and Sinners Room into a shambles here Tuesday.

It happened when Palm Desert Mayor Bing Crosby decided, characteristically, the Gay Nineties observance ought to have a song. "How about writing one," Der Bingle asked Ted Grouya, who wrote such standards as Flamingo, In My Arms, Since You Went

Away and I Heard You Cried Last Night.

"MY PLEASURE," replied Grouya.

Ted shelved some things he's doing with Sammy Cahn and some other things he's working on with Paul Francis Webster and sat down to the piano to pick out a theme. Grouya digs the desert so he had little trouble with the chore. After he was finished — and after all of the sponsors of the fete had signed their admiration — Ted and Bing started looking for someone to record it.

"I'll sing it during the Gay Nineties Days," said Bob Hope's fairway friend, "but we ought to have a recording of it."

SO THE PALM Desert delegation went to Bobby Ramos — who holds forth at the La Paz regularly — and placed the music before him.

"It looks like fun," said Bobby, "but couldn't we do it once this way" — he indicated Grouya's score — "and then do it once as a cha cha?"

"Sure," said Ted, scoring a second sheet for the Latin tempo. On Tuesday, Bobby and his quintet showed up at the La Paz and so did Bob Price of Palm Springs Music Co., engineer for

the recording date.

AFTER TWO OR three times through the tune, the kinks were starting to iron out. The musicians double as vocalists in the recording, which should be on Palm Springs radio by today.

"Sing a little louder," Bobby advised Lalo Guerrero, who plays string bass.

"I'm not in very good voice today, Bobby," moaned Guerrero. "We're not saying the 's' on the end of days," criticized flutist Augie Alcaraz.

"Well, close it up," advised Ramos.

"I WONDER," PONDERED Grouya, "if you guys could sing it a little higher at the end?"

"Higher?" gasped piano player Armando Herrera, "we have no voices for as high as it is now."

"Let's try it again," said Ramos.

"Let's make it real light this time," advised drummer Eddie Aparicio.

"Right," agreed Ramos. "Don't sound sad."

"It's the Gay Nineties, remember."

Boyfriend Admits Killing Blonde in 'Lover's Quarrel'

PASADENA, Calif. (UP) — The butcher-knife slaying of a beautiful 19-year-old strawberry blonde model was confessed today by her boyfriend who said he stabbed her during a lover's quarrel.

The body of Charlotte Lea Trosper was found on a slope near the Angeles Crest Highway Tuesday. She had been stabbed once through the left breast and her face bore the marks of a beating.

The victim was dressed in a black sheath dress and red undergarments. Her shoes were missing and her purse, found nearby, had been stripped of all identification.

Police immediately started a search for Gerald Feasby, 31. Feasby was taken into custody at 2 a.m. on a street corner here. When questioned he immediately admitted killing the young woman and was booked on suspicion of murder.

Mrs. Grow Gets Second Term in Animal League

Mrs. Kenneth Grow has been re-elected president of the Palm Springs Animal Protective League in a meeting of the organization's board of directors.

The election, held in offices of Coachella Valley Savings and Loan Assn., was by a unanimous vote.

OTHER OFFICERS for 1959 elected at the meeting were Dwan L. Clark, first vice president; Mrs. John Westin, second vice president; Victor Gibbs, third vice president; Mrs. B. J. Boyd, treasurer; Mrs. Everette Dunlap, recording secretary, and Mrs. Carol Brill, corresponding secretary.

Mrs. Grow's first action upon her re-election was to deliver an oral report on the League's request for financial aid from Riverside County to assist the administration of the Palm Springs organization.

Supervisors asked for a study and report from the administrative officer and health officer.

Riverside Bidder Gets Job

Herman O. Ruhnau, Riverside architect, was awarded the architectural contract this week by the Board of Supervisors for the bulk of the \$2,813,000 county building projects on which the voters approved bond issues Nov. 4.

He was given the job for the tuberculosis hospital, primary health center, mental health building and county hospital laboratory, and the probation office and jail facilities in Riverside.

ONLY THE \$90,000 jail addition in Indio was eliminated from the Ruhnau contract, and it appeared possible that he may get that also.

Supervisor William Jones, who made the motion to award all but the Indio jail to Ruhnau for an overall fee of six per cent of the total cost of the buildings, insisted that the Indio jail building should also be held to a six per cent fee.

JONES AGREED that Williams & Williams and John Porter Clark, Associated Architects of Palm Springs, should be given the Indio job if willing to do it for six per cent, as they are architects for other county building construction in Indio.

He said that if the Palm Springs firm would not agree to the six per cent fee, Ruhnau should get the Indio job along with the others. Informed of the board's action, E. Stewart Williams, who arrived later in the day, asked for and was granted a week to come to a decision.

Ruhnau had reconsidered his original fees since the supervisors met last week. He previously asked a fee of five and one-half per cent on the probation office and the Riverside and Indio jails, eight per cent on the tuberculosis hospital, six per cent on the health center, and eight per cent on the hospital and mental health building, but agreed during the week to a fee of six per cent on the entire building program or on all but the two jails.

WILLIAMS AND CLARK continued to insist during the week that any one job would require a fee of eight per cent to cover the cost of complete architectural services. They had previously asked for the eight per cent for

any one of the building projects, fact, quite disgusting," said Marr, "when those in government try to tell architects what they should do their work for. It is unethical practice for architects to compete on basis of fees. People are going to wonder why the government can do things that private enterprise can't do."

They offered at one time to do the Indio jail addition for a fee of six, and four-tenths per cent, but this was based on the understanding that the new addition would be an exact duplicate of the present maximum security cell block. The thinking now is to build two open dormitories with additional juvenile detention and sheriff's facilities.

Although Williams and Clark offered to do the entire building program for a fee of six per cent, the supervisors favored awarding the contract to Ruhnau for the same fee due to his firm's experience in the hospital and health center field, and the work he has already done on the tuberculosis hospital plans and toward getting state and federal allocations of \$223,000, which added to the \$1,990,000 bond issues total will furnish funds for the complete program.

CLINTON MARR, Riverside architect, who offered last week to do the architectural work on the probation office and Riverside and Indio jail, or the health center, or both, for a fee of five and one-half per cent or for five per cent if the county furnished all blueprints and specifications, bitterly assailed the board's decision.

"I find it disappointing and, in

Village Firms To Do Architect Job for County

Williams & Williams and John Porter Clark as Associated Architects of Palm Springs were approved by the Board of Supervisors this week as architects to serve on a time and material basis not to exceed \$300 for the communications plant building to be constructed in Blythe.

Harvey O. Platt, director of the Department of Communications, explained that the building will differ only slightly from plans and specifications of the county's standard plant building so no more than \$300 should be needed for planning specifications and contract preparation.

County Okehs TV Cable for Village

Assured by County Counsel Ray T. Sullivan, Jr., that the Palm Springs Television Corporation does not desire an exclusive franchise for the television cable it proposes to establish in certain areas outside the city limits of Palm Springs, the Board of Supervisors this week authorized the drafting of a document granting the requested franchise.

"It is not a question of a right to do business," explained Sullivan, "but of a right to string up a cable line."

The Desert Sun is an independent newspaper dedicated to truth, accuracy and impartiality in the news; to the progress of the desert region; to the support of that which it believes to be right and to the defeat of that which it believes to be wrong.

Indications Favorable For Election To Create New Desert County

Possibility of creating Desert County by obtaining a favorable vote from the electorate of Riverside County has become increasingly pronounced due to a number of favorable developments in the past several years.

Principal factor tending in this direction is the rapid growth taking place in the Riverside area which contains four of the five Supervisorial districts.

The county seat and environs is showing an average gain of approximately 20 percent per year in population and a correspondingly heavy increase in new building construction, which increases both the tax base and the number of taxpayers.

Inasmuch as the one lone Desert District theoretically comprises only 20 percent of Riverside County, its severance to become a new county would be principally considered as a loss in area, both the temporary population and tax shrinkage resultant being offset and regained so rapidly it would hardly be noticed due to Riverside's large and steady annual increases.

From the area standpoint, the elimination of the vast desert section from Riverside County would bring many benefits, economies and savings to the taxpayers in the remaining compact area presently composing the other four Supervisorial districts.

Better, more efficient and economical service could be had from all county bureaus and services. This would be particularly noticeable in the road, police, fire, welfare and judicial departments, once the far reaching expanse of the Desert Empire were no longer a part of Riverside County.

Recent reports from the Riverside area indicate that a growing number of people are looking with favor upon the

movement to create Desert County and, recognizing the advantages to them as well as the fairness and practicability of the plan to all concerned, can be counted upon to support the movement when an election is called.

Meanwhile the task or the immediate future is the creation of an active and large organization of civic minded desert dwellers to make a careful study of the entire situation, based upon a complete consideration of all of the facts which can be gathered, and inform people of the information gained and the conclusions and recommendations reached.

If, and when, this is done and an election called for the creation of Desert County, there is every likelihood that supported by logical, practical and mutually beneficial reasons, the majority of the voters of Riverside County will vote in favor of the change.

While the gathering of such facts and statistics, together with exhaustive analyses, comparisons and detailed study will involve both time and expense. It is a fundamental first step before submitting the matter to the voters.

Should it result in the creation of Desert County by a simple County election it will be well worth the energy and money expended. And failing a majority vote would form the basis of a proper presentation to the State Legislature or final submission by ballot to the people of California.

Now is the time for those who recognize the needs, many merits and ever increasing desirability of having our own Desert County to do whatever they can to help get the necessary preliminaries under way in preparation for calling a county-wide election or taking any other steps which may be required to ultimately assure its creation.

'That Pacifist' in the White House

WASHINGTON, D. C. —Under the Eisenhower Administration we have built up an American Foreign Legion. We have developed mercenary troops along the Communist borders to hold the line or flash the signal, so that we can then launch our air-land-sea counterattack.

This is the explanation of the President's steady whittling down of American military power. The most recently announced cut was 71,000. It is the explanation of the President's optimism toward a chance to halt the rise in military spending.

IT IS WHAT the President means when he says, as he often does, that our new missiles must "supplant" and not merely "complement" present forces. It is the explanation of the naming of the William Draper bipartisan commission to "study" — what, again? — the use we are making of military foreign aid, or more frankly, foreign troops.

There are reasons, both in morality and logic, against reliance upon foreign legions (preferred phraseology: "collective security") to defend this country. But let us be crass about it for the sake of argument, and deal only in dollar efficiency.

THE U. S. A. has 2.5 million persons under arms. Our 43 allies have a total of 4.7 million. It costs \$3,515 a year to maintain a military person in the American armed services. It costs between \$200-\$400 to maintain foreign nationals, virtually

all of whom are American trained and American equipped. As an Asian example, a military person in Formosa stands us \$147; as a European example, a Greek military person stands us \$425. All this explains why it pays to hire foreigners. It explains where the \$1.515 billion in military assistance will go in fiscal 1959.

NOWHERE IN Washington will you get an official to give his name to what has been written above. But I have caged it hither and yon. It is all true. There has been a steady "line" in Mr. Eisenhower's military policy.

He commenced in 1953 to pit "Asian against Asian" in lands where Orientals really desire to defend their freedom. The President has privately said that North America should be the place from which we launch our counterattack, if any.

LIKE IS FAR LESS inclined, than were Presidents Roosevelt and Truman, to swashbuckle in the enemy zone of power or to dump American troops upon far-flung peninsulas. The President has set some sort of record, I think, in his ability to withdraw troops from areas where the crisis has subsided, and to be responsive to Soviet threats without being bellicose.

Strangely, in the case of a man twice elected as a peace-lover, the anti-like epithet now prevailing in my mail is "that pacifist!" His military policy is

not popular, and I think that is because it is not understood. While he does not look like a Machiavellian, and while "mercenary troops" is not a pretty expression for American ears, Mr. Eisenhower (or somebody for him) has been wily and timely, for all that.

THE PRESIDENT'S military policy would be more understandable hence more defensible, if the sources of this criticism were frankly stated, as I now intend to do.

Who opposes reduced military manpower? Bureaucrats and officers whose "empires" would thus be reduced; also Senators (D) and Representatives (D) who, despite their claims of being "modern," use these hoary political adages, viz.: the business of the opposition is to oppose, and when in doubt view with alarm and wrap yourself in the flag; also large manufacturers with Federal contracts to fabricate airplanes and missiles; also Labor leaders whose union rolls have swollen under defense spending; also local merchants and politicians who regard the closing of a military installation as a business disaster.

None of these groups should pretend to offer objective criticism of the reductions in manpower and shifts in weaponry. None should be seriously considered in evaluating the President's wholly admirable effort to cut the cost but maintain the efficiency of military defenses. —Holmes Alexander

SUNNYVALE, Calif. — Lockheed space scientists, discussing the new and mysterious man-made signal that satellite-tracking instruments here picked up last week:

Manpower We Could Do Without

The bells are up
It won't be long,
Before Saint Nick
Bursts out in song.

In fact, it's only three weeks from today. And while it's too late to do your Christmas shopping early, it's still early enough to do it late.

ONE OF THE SONGS we'll hear with ever-increasing frequency the next three weeks is "White Christmas." Did you ever think what a thoughtless bunch we are when we lift our voices dreaming of a "White Christmas?"

Supposing we did get a White Christmas? The Chamber of Commerce would go out into the desert to find a nice plot of soft sand to bury their head in gloom.

Let's pass a law against dreaming of a White Christmas here on the desert. It would ruin our reputation.

Let it just be chilly enough so that Rudy can have his red nose.

ARE YOU PROUD? Proud of your Palm Springs? Then get up and shine. Look around and you'll see places where a little shining would do a lot of good.

Take Palm Canyon Drive, for instance. There are times when it looks a bit bedraggled what with used gum wrappers, discarded cigarette packs, torn letters.

THOSE CONTAINERS labeled "Keep Palm Springs Clean" mean what they say.

They are at frequent intervals along the Drive. Instead of discarding what you're through with, where you are, hold it as you walk and you'll come across a trash can soon.

That will keep our sidewalks a lot cleaner.

Take a look around the base of our Drive palms and you'll see what I mean.

THAT REMINDS ME, some of the bases of the palm trees look pretty shabby.

But down in the 100 block George Beebe did something about it.

He didn't like the looks of the bare dirt around the two palm trees growing in front of his store, bare except for debris dropped there by careless pedestrians, so he put a covering of white rocks there. Looks pretty.

They did that in the 200 block last year but the white has sort of faded.

JOHNNY ADKINS of the men's section at Bullocks writes me of a chance for somebody to clean up — on money, that is.

Commenting on a recent remark in one of these pieces about the need for a sidewalk on Indian Avenue between the Bank of America parking lot and Tahquitz Drive, he said:

"After walking through the sand there, it occurred to me that if someone opened a shoe shine stand, he'd be able to retire soon."

STAN DELAPLANE'S Postcard

In Teramo, Italy, this week the subject of love came up. I mention this because love is getting a lot of attention these days and I do not want to lose out — like I did on hula hoops.

Anyway, the lover boys of Teramo, were Mr. Nicolas di Battista and Mr. Lucio Caserta. They were in love with a schoolteacher. (Like a Western movie, isn't it?)

THEY DID NOT go after each other in the Western style, however. Like, "Draw, di Battista! I reckon Teramo is not big enough for both of us."

No. They decided to EAT it out. Ecco!

AS A STARTER, di Battista ate three plates of spaghetti. Spaghetti is a warmer-up in an old-fashioned Italian eat-out.

Mr. Caserta immediately ate three plates of spaghetti AND one roasted chicken.

Mr. di Battista ate a chicken too. He wiped his face and polished off 10 hard-boiled eggs.

CASERTA SAW the eggs and both then ate 20 sausages and plate of cakes.

They then settled down and ate 15 steaks.

Di Battista won by finishing his sixteenth steak. Caserta having stopped pop-eyed on number 15.

The schoolma'am topped the whole show by refusing to marry either of them. She said she did not want to spend the rest of her life cooking for such a tiger.

WELL, IT JUST shows the curious ways of love. Thousands and thousands of girls are raised on the old saw, "The way to a man's heart is through his stomach."

Along came a pair of Italian lovers. To prove that the way to their stomachs is through their hearts.

Such odd actions of love make it very difficult for an intelligent girl. If they keep changing the rules, how can you make the point after touchdown?

LOVE IS BECOMING a most scientific project. You can scarcely pick up a paper or a

magazine without finding love analyzed and capsuled.

Yet the marriage rate in the U. S. dropped again last month — a serious matter that has been going on for a year.

Even the mechanical brains have had a whack at the business.

In a TV show, UNIVAC was put to work. It chewed up statistics and it thought and thought. That is it took the statistics of ladies and gentlemen. After it thought about them, it gave answers which lady should marry which gent.

"You love each other?" they asked curiously. "You should, you know."

Out of hundreds and hundreds, they finally got one couple married.

Mostly the loving people just looked at each other and said: "Nope."

I THINK THIS is what happened in Teramo. It got too scientific. According to the reports, EVERYBODY in Teramo agreed that eating was the best way to settle the love question.

They agreed that an eat-out was scientific. It was reasonable. It was modern and civilized. It was good for Teramo and probably good for all Italy.

They all agreed. All but the schoolteacher.

Turned out she didn't want to spend her life being a cook. Nobody ever thought of that. That's love for you.

Dick Clark, All-Around Genius

NEW YORK — I suppose some evil-minded people are going to suggest that I had an ulterior motive in inviting Dick Clark to dinner.

"You're a song writer — and Dick can turn records into hits on his 'American Bandstand' TV show. . . these people are going to say."

Why, it NEVER occurred to me!

"I happen to think Dick Clark is so handsome he ought to be in the movies playing young Clark Gable parts," I said to the Beautiful Wife at Leone's.

I didn't even mention to him THAT I had a song (If the B. W. happened to mention it 10 or 12 times, I can hardly be blamed).

When Dick started with the minestrone, I observed his wonderful manners. I don't know whom like has in mind for Secretary of State when Dulles leaves, but, well anyway. . .

As each little girl came over, from three up, for his autograph, he would smilingly ask her name. If she happened to say Cheryl, he would say:

"You're about 15, aren't you?"

"How did you know?" she would squeal, and he would say:

"Because Lana Turner had a daughter she named Cheryl about that long ago and that's where a lot of parents got the name."

Dick's not even 28 yet but's so brainy. (Kind of a young Einstein, that's what he is, as Herb Shriner would say.)

"Why is it that song writers no longer send written music in to publishing companies, but send 'demo' records instead?" I asked.

"Because most people in the music business can't read music."

Dick tries to listen to 150 records a week in his little madhouse Philadelphia office, but what I like about him is his honesty (he's a young Abe Lincoln).

For example, I said, "Do you ever miss picking any good records?" and he said, "Have to. Because some records you never get to hear. You get through half of them."

Dick, though rich, is still a man of the people (kind of a young Nelson Rockefeller) and finds the quickest way to get from his

Philadelphia home to New York is by bus.

"I swear this is true," he said. "One trip I came in on, a girl was going to interview me on the bus. As we were leaving Philadelphia, the dispatcher said, 'Dick do me a favor This driver is up from West Virginia and has never been to New York before. Show him the way!'"

Any all around genius like that is not going to plug a song except for merit and there's no flattering him. I wouldn't even mention the name of my song to him.

When did I see Dick?

"It happened last night."

County to Study Proposed Rules

The completed revised draft of proposed rules and regulations for the Riverside County Air Pollution Control District were presented to the Board of Supervisors this week by County Counsel Ray T. Sullivan, Jr. and Air Pollution Control Engineer Clifton J. Seymour, but contrary to expectations, a hearing date was not set.

Enos C. Reid, attorney for the American Cement Corporation's

Riverside plant, and member of an industrial committee which has fought to effect changes in the rule, and regulations originally proposed, was on hand to urge delay.

Board Chairman Paul Anderson, agreed to delay action a week and set 11 a.m., next Monday, for a "preliminary discussion preceding the setting of a hearing date."

To protests by Reid that a week would not allow sufficient time for copies of the revised rules and regulations to be made and distributed to industrialists in Corona and Riverside, Anderson and Sullivan promised that additional copies would be made immediately and be available within a day or two in the air pollution control office in the court house for any one who is interested.

The average life span of American men and women has increased by about 10 years during the past 20 years.

A-Blasts Could Create Alaska Harbor--Teller

HOUSTON, Tex., (UP) — Famed scientist Dr. Edward Teller said Tuesday night among possible peaceful uses of atomic explosions could be the creation of a giant harbor in Alaska.

Both possibilities were mentioned in a talk by the "father of the H-bomb" before some 500 of the world's foremost scientists at the second annual conference of the Robert A. Welch Foundation.

He said four or five 100-keloton nuclear bombs and a few megaton bombs could carve out a harbor at a point 20 miles below Cape Thompson on Alaska's now harborless northwest coast.

Chambers Ask County To Reject Dry Morongo

The Desert Associated Chambers of Commerce — which serves the upper desert area — asked the Board of Supervisors this week to set aside their approval of the State Division of Highway's choice of Dry Morongo Canyon as a route for a highway between Highway 60-70-99 and Morongo Valley, and to request the highway department to have a closer look at Little Morongo Canyon as a more logical and practical route.

Supervisors agreed to study the request, delaying action for at least a week pending receipt of new highway department figures which Matt Samel, first vice president of the chamber organization, said had been released to the San Bernardino County Board of Supervisors.

SAMEL SAID the more recent cost estimates boost the original estimates and make the proposed Little Morongo route less costly

per mile for a four-lane highway than the Dry Morongo route for a highway which would be only partly four-lane and partly two-lane. He said also that the Little Morongo would have fewer curves and would not have the flood hazards of Dry Morongo.

Rolf O. Skovholt, president of the Desert Hot Springs Chamber of Commerce, joined in urging the board's support of the Little Morongo route. He said that if the Little Morongo route is made the main state highway, the present route through Dry Morongo will remain, thereby giving two arteries through the area which would be essential in case of an emergency.

SKOVHOLT WAS later heard to observe that both Riverside and San Bernardino counties are afraid that if the Little Morongo route is adopted by the state, the two counties will have to take over the present road through Dry Morongo and maintain it as a county highway.

Supervisor Paul Anderson commented that if there are to be two routes and the present Dry Morongo route is chosen by the state, a second highway could well be the long sought Blue Cut route through Joshua Tree National Monument.

40-Hour Devotion Slated at Church

Special services involving a 40-hour devotion, honoring the Blessed Sacrament of the Altar, combined with a Triduum of atonement will begin at Our Lady of Solitude Church Friday morning.

Father William G. Goodrow, church pastor, said the three-day service of atonement, "to the Sacred Heart of Our Saviour Jesus Christ," will be observed in ceremonies starting at 8 a. m., Friday.

Salary Increases Approved for County Employees

Increases in salaries totaling approximately \$23,900 for the last five months of this fiscal year were approved by the Board of Supervisors this week as recommended by Personnel Director Donald E. Spencer and \$18,110 was transferred from the unappropriated reserve fund to make the increases possible. The balance is available within the budget.

Spencer said a step increase of ten per cent or more is included in the salary raises only in cases where a situation of inequity exists, and no raises are being made for any department head or chief deputy.

"I feel that this is a minimum recommendation," stated Administrative Officer Robert T. Andersen, in approval.

MILL RIVER, Mass. —(UPI)—Mrs. Edwin M. Stanton, who was born the same day as Sir Winston Churchill 83 years ago, has retired after 52 years as Mill River correspondent for the Berkshire Eagle in Pittsfield.

IF WILL HUTCHINS, star of Warner Bros. "Sugarfoot," or any of his pedunhs (above) even come to Palm Springs on a Saturday, they'll be right in style. Each of the Western stars not only "lives" the part he portrays, he actually looks it, too. The Village "Go Western" plan—in force each Saturday—has brought some real and some imagined Western costumes out on Palm Springs streets.

Scholefield and Co. to Open Offices in Palm Springs

The prominent California accounting and auditing firm of Scholefield and Co. announced today that it will open its fourth California branch in Palm Springs in offices formerly used by the late Florian G. Boyd.

Graham S. Lund, former Vil-lager who is now a general partner in the Scholefield firm, said that the new firm would continue to service Boyd's clients from the office at 107 Pacific Building.

LUND ALSO SAID that personnel in Boyd's office would be retained in Scholefield's office and that a resident CPA would be sought for the office.

The firm, which already has offices in Los Angeles, Santa Barbara and San Luis Obispo, was

founded nearly 35 years ago by the late J. B. Scholefield.

LUND WAS ACCOUNTANT for Charlie Farrell's Racquet Club from his graduation at the University of North Dakota in 1939 until 1942, when he entered the Army Air Force. In 1946, he opened his own accounting office at Beverly Hills and merged his successful practice with Scholefield in 1956.

Lund said that he intended to spend approximately half of his time in the Palm Springs offices of the firm.

Christmas Carousel Day Set Monday

The fascinating, staccato strains of an old fashioned callopie Saturday, December 6, will take many a person back in memory to the five cent Merry-Go-Round rides at the old Homecoming picnic, but in reality it is the reminder of the Palm Springs Woman's Club Christmas Carousel Day the following Monday at the club house, 314 South Cahulla Street.

Once again on December 8, the callopie will, in Pied Piper style, beckon the crowd to Cahulla Street where circus-like decorations and artistically displayed gifts will serve as a reminder that Christmas is near. It is really a beautiful bazaar and the unusual for Christmas will be for sale in the many pink and white decorated booths.

The "Gourmet Center" (Mrs. Roy Burton, chairman) will present an array of fruit cakes, Christmas cookies, Pirog, Monte Carlo Chip, pickles, chocolate walnut fudge and many other foods that are enjoyed by all during the holiday season.

Even those not interested in buying will find the gay scene worth surveying and may enjoy a light lunch in the patio. The club members who call themselves the "Hilltop Group" (headed by Mrs. Glen B. Watson) have banded together and are prepared to serve hot sandwiches, cakes and hot drinks during the day.

A prominent business man of the Village, aided by two charming young matrons—all turned photographers for the day—promise polaroid shots of their subjects that will be prized for Christmas gifts.

Other interesting and practical features will make the day one of sheer fun, committee members promised. Admission is free. The proceeds of this event will augment the club's scholarship fund, according to Mrs. Herbert Burns, president, and Mrs. Howard Matthews, general chairman.

Russian 'Nice Guy' Retires

By PETER UEBERSAX

United Press International

FRANKFURT, Germany — (UPI) — When Vladimir (The Sailor) Kuts announced his retirement last month, Russia lost more than its top athlete. It lost a fine sportsman as well — a performer who was different from the unsmiling, sport-I-war type of Soviet athlete.

Stomach ulcers have sidelined Kuts, Olympic 5,000 and 10,000 meter champion, for good, a recent Moscow announcement said. The end of his sports career came at 31 — at an age when his idol, Emil Zatopek of Czechoslovakia, still had many years of great running ahead.

With his whipping, blond mop of hair bouncing as he ran, Kuts dominated international distance running for three years. He set Olympic records in the 5,000 and 10,000 meter races and also holds the world marks for those events.

BUT AS SOVIET sports authorities marked his records by heaping decorations and titles on him, Kuts remained what can best be described as "a real, nice guy."

He was frank and relaxed during interviews — even with reporters from Western nations.

He preferred to talk about his hobbies — books and music. He is the only Soviet athlete who ever showed this reporter pictures of his wife and baby.

Kuts probably will be remembered by most track fans for his victory over Britain's Gordon Pirie in the 10,000 meter race at the 1956 Olympics in Melbourne.

Pirie, then at the height of his career, doggedly kept on the Russian's heels. There was a tremendous roar from the crowd of 100,000 when the Briton once overtook Kuts briefly.

Suddenly, Kuts uncorked a sprint that made it appear that Pirie had "switched off" his power. He hadn't. Kuts was just running that much faster.

WHEN PIRIE FADED to finish a demoralized eighth, Kuts crossed the finish line smiling and waving to the crowd. He appeared fresh as a daisy and trotted on for a full lap while his opponents struggled home one by one, completely exhausted.

The most impressive thing about Kuts' brilliant Olympic triumphs was the way he took them. Soviet officials spared no efforts to present him as a genuine product of their "superior" system but Kuts never tried to bring politics into running.

"The medals are for my little son," he pointedly told reporters. He brushed aside with a contemptuous smile suggestions from reporters from Communist nations that Pirie had tried to spike him.

Like Zatopek, Kuts believed in the type of training which few Western athletes have the time or energy to follow.

HE WANTS PATTERSON but Ingemar Johansson, Swedish heavy champ will have to fight Eddie Machen first, the IBC insisted today. Johansson is telling everyone he'll flatten Patterson quick if — and when — they meet. (International)

Johansson Must Fight Machen is Decision of IBC

CHICAGO (UPI) — The International Boxing Club has taken steps in an effort to insure a return match between heavyweights Ingemar Johansson of Sweden and Eddie Machen of California in Chicago Stadium Feb. 4.

Attorneys for the IBC notified Johansson's manager, Edwin Ahlquist, that they expected his fighter to battle Machen.

Although the match was approved last Monday by the Illinois Athletic Commission, the approval was based on a letter from Ahlquist which he said later was signed "under duress."

IBC PRESIDENT Truman Gibson said Ahlquist's letter agreeing to a return match was examined by both American and Swedish attorneys and found to be a binding contract.

However, the notification to Ahlquist Wednesday, Gibson said, was part of a legal procedure to make it possible for either Ahlquist or Johansson to be sued for breach of contract, or to be subject to an injunction if the Swedish boxer should attempt to fight someone else in the United States.

BUT IF JOHANSSON should "fight someone in another country, I don't think we could do anything," Gibson said.

The IBC president said the letter Ahlquist referred to his letter of agreement as well as a counter agreement in which Gibson and Ahlquist agreed upon the site of a rematch. It also covered other terms and conditions discussed in the conversation and subsequently incorporated in Ahlquist's earlier letter, Gibson said.

The notification informed Ahlquist that the match and date had been approved by the Illinois Athletic Commission, and requested "prompt confirmation" from the fight manager that Johansson would "honor his contractual obligations."

La Jolla Hosts Senior Netters
LA JOLLA (UPI) — Gardner Mulloy headed a field of outstanding tennis players today in the opening of the 10th annual Hard Court Senior Tennis Championship.

Imperial High to Meet Indians in Next Game

With the first game behind him, Coach Jim Workman of the Palm Springs Indians basketball team was cautiously optimistic as he put his charges through workouts for their next practice game, scheduled for December 12 on the local floor with Imperial High School as the opposition.

In their first game of the season Tuesday night, the Tribe took on Colton High, champions of the Citrus Belt League last year and bowed after a tough struggle, 56 to 59.

CITRUS BELT League schools are in a higher bracket than Riverside County League schools and Workman was not too unhappy with the game his lads put up.

They held the opposition even at half time and were edged by three points in the last half.

The Tribe will go to Colton Tuesday, Dec. 16, to meet the CBL team in a return game.

THAT WILL BE the last practice session for the Indians who open the Riverside County League season Friday, Jan. 9, entertaining Perris High on the local floor.

Three returning veterans, Stan Cirata, Dick McFarland and Joe Lewis are the core of this year's team with Jeff Lilley, Bill Ivey and Eric Williams, up from the Bs to give Workman a promising hand.

The squad will be idle during the Christmas vacation and get down to real drills when school reopens in preparation for the RCL season.

Cronin Slated to Follow Harridge as AL President

WASHINGTON (UPI) — Joe Cronin, a one-time weak-hitting rookie shortstop who landed in baseball's Hall of Fame, will officially be named American League president within the next two weeks.

Cronin is virtually "signed, sealed and delivered" to take over a successor to Will Harridge, the United Press International learned on excellent authority today.

When the 32-year-old general manager of the Boston Red Sox is named, he will become the fourth president in league history and the first former ball player to achieve that eminence.

According to the UPI informant, Cronin was ticketed for the job even before Harridge formally announced his resignation Wednesday at the baseball meetings here. The 72-year-old Harridge said he felt the league was "entitled to a much younger man" as president and the bandwagon for Cronin started almost immediately.

"Certainly, I'd consider the job if it was offered me," the popular Cronin said. "But I think all this talk is premature."

Akins' Ego May Weaken Defense Of Welter Title
LOS ANGELES (UPI) — Will enlargement of the cranium weaken Virgil Akins' first defense of his welterweight crown Friday night?

Laurie's, Smoke Tree Fives Win Opening Games

Laurie's Steak Ranch, defending champions, started the 15th annual City Recreation Department baseball league season just where they left off last year — winning.

They defeated the Bonnie Electric Company at the High School gymnasium last night, 45-17.

Smoke Tree Stables also got off to a winning start in the league race by thumping Mazzulla Masory, 50 to 31 in the first game of a double-header.

DON STONE and Joe Robinson paced the defending champions in their win while Lester West and Bob Merrick of the losers were high for their team.

Wayne Klines of Laurie's, who took high scoring honors in the league last year, hasn't lost his aim and was high man Wednesday night with 20 points. And Phillips, 12, was high man for the losers, a new entry in the loop.

TONIGHT CHUCK'S Welding meets the All Stars in the first two games at 7:30 and Bonnie Electric tangles with Smoke Tree Stables in the nightcap at 8:30.

Rodgers, Bulla Lead SoCal Open on First Day with 66s

Ahead by One After First 18

Southern California golf pros and amateurs teed off at 8 a.m. today on the trail of Phil Rodgers, amateur, and John Bulla, Phoenix, Ariz., pro, who paced the field of almost 140 golfers in the first day of the Southern California Open at Indian Wells Country Club Wednesday. Twelve cracked par on the first day.

Rodgers, 1957 NCAA golf champion from Houston University and Bulla fired 66s on the first 18, to hold a one-stroke lead over Charles Sifford, Philadelphia pro, and Don Whitl of Alameda, right behind with 67s.

RODGERS CARDED a 32-34-66 for the par 72 course and Bulla came in with 31-35. Harry Barabin of Los Angeles had a 68.

Jim Ferrier, Zell Eaton and Jerry Barber were next with 69s.

ANN ARBOR, Mich. (UPI) — John Herrnstein, University of Michigan football captain, has signed a baseball contract with the Philadelphia Phillies "for a substantial bonus."

IT'S GETTING, Palm Desert Mayor Bing Crosby found out yesterday, so's a guy can't even have himself a quiet game of golf without bumping into a queen of something or other. Palm Desert's Gay Nineties Queen Barbara Melton cornered Der Bingle on the third hole yesterday and, since she's also Palm Desert's candidate for the Indio's Tournament of Roses float, succeeded in selling the crooner a sticker for his golf cart. The stickers are being sold by Barbara throughout the Palm Springs desert area. Proceeds will help build the Indio float entry. (Gayle Studio Photo)

NL OWNERS DIVIDED ON EXPANSION

WASHINGTON (UPI) — The Milwaukee Braves are red-hot for a 14-team National League. Warren Giles is luke-warm and most other officials want some more cold facts before they say yes or no.

Joe Cairnes, president of the Braves, made it plain today Milwaukee is "100 per cent in favor" of any plan to expand the National League as was indicated with the approval of a resolution by league officials.

The National League announced Wednesday it will hire an independent research organization to explore the possibility of expansion among other things.

"We're very definitely for expansion," Cairnes said. "We're for it whether it means a 10-club league, a 12-club league or even a third major league. Why stand in the way of progress?"

Giles, re-elected president of the league for a five-year term Wednesday, took something of an opposite stand.

"Right now I'm opposed to a 10-team league," he said. "I won't be for it until someone can show me that two new teams will get enough players of major league ability to present a good attraction."

"I don't want the clubs we have now to be diluted simply for the sake of expansion." The majority of other NL officials adopted a middle-of-the-road stand. Some were even more interested in what other facts the research organization might ferret out than they were in the question of expansion.

Johnson Will be Ready for Moore If Given Chance

CHICAGO (UPI) — Harold Johnson, one of the top light heavyweights, was hopeful and apologetic in the same breath today after a unanimous win over Howard King in his first bout in eight months.

"I know I didn't look good," he said, "but it was the long layoff, and if I can get a shot at Archie Moore, I'll take the chance I can get ready for him."

Johnson lost only one round on the cards of the two judges, Jim McManus, who scored 49-44 for him, and Frank Clarke, who scored 49-43. Both referee Walter Brightmore and United Press International gave "ling two rounds and Johnson a 48-43 margin."

Dick Hill Resigns As Santa Ana Coach

SANTA ANA (UPI) — Dick Hill resigned as football coach at Santa Ana College Wednesday, saying he desired to return to high school coaching.

Hill had been at the college for the past two seasons during which he compiled an outstanding record in the Eastern Conference.

Saund Asks Communities For Projects

Congressman D. S. Saund yesterday issued a call to all local officials and civic organizations who have information that could lead to new projects and facilities in the desert area.

The 29th Congressional District representative, pointing to his two-year record on such construction projects, said that a total of \$8,612,923 has already been allocated for projects here.

BUT, HE SAID, he would "welcome the opportunity to discuss projected projects with any local organization."

Included in projects already allocated, he said, are construction of health centers in both Imperial and Riverside counties, construction at March Air Force Base, studies to improve community facilities within the City of Palm Springs, approval of construction of several new post offices in the district and other projects.

Congressman Saund said that the construction projects were a vital force in providing "ample job opportunities" for the area and aided in improvement of "living conditions within the community."

Subway Service Is for the Birds

NEW YORK. (AP) — Subway service was for the birds Monday. Thousands of tree swallows, heading south, stopped off at subway tracks in Queens, causing trains to be late.

LUNCH ASSURED FOR VOLUNTEER WORKERS DEC. 6

One hundred per cent participation in a fund drive to provide a lunch for volunteer workers in Saturday's big push for "Pride and Shine Week" has been announced by Harold Hicks, general chairman of the campaign.

Hicks said that Santa Fe Federal Savings and Loan, the Southern California Gas Co. and the California Water and Telephone Co. have joined the Village utility, banking and loan firms contributing to the luncheon.

The lunch is to be served at the Polo Grounds by Jack Boyer. The workers, members of service clubs and individuals, will meet for lunch after participating in D—for disposal—Day activities in town.

Dear Abby...

DEAR ABBY: The first time I ever disagreed with one of your answers was when you told that girl not to date boys out of her religion. Just because a girl goes out with a boy once or twice doesn't mean she is going to marry him. I think it is perfectly okay to date out of your own religion as long as you don't get serious. MARY JO

DEAR ABBY: I would like to say a few words to the sixteen-year-old girl whose father wouldn't allow her to date boys other than those of her own religion. Please listen to him. He is trying to save you lots of heartbreak. I dated a boy out of my religion. It all started with just a casual date. I enjoyed his company and we dated again and again. Before we realized it we fell in love. We were both strong in our own religions so there was no way out. We broke up. Although I'll never forget him, I know it is best. Please listen to your father. He is a wise man. VERY SORRY

DEAR ABBY: My mother-in-law has been coming to visit us every year around Christmas for the past three years, ever since

she lost her husband. Last year I don't remember when I have put in three more miserable days in my life. She gets "hot flashes" and would take off her blouse or dress wherever she happened to be. I have a ten-year-old son and I don't want her undressing in front of him so I had to watch her like a hawk and when she looked like she was going to start undressing I would get my boy out fast. Furthermore, she'd mention fifty times a day how much my son looked like HER deceased husband, which he does not. He is the image of MY father. Christmas is coming. Should I invite her back.

BURNED UP. DAUGHTER-IN-LAW. DEAR BURNED: I have a "flash" for you. Your home is also her son's home and you should make her feel welcome. Three days a year is not much of a sacrifice.

DEAR ABBY: My husband has a best friend who talks big but acts small. I recently had a baby and this best friend and his wife sent me the cheapest gift I ever saw. I am ashamed to show it to anybody. The wife of this best

friend is going to have a baby in March. Should I wrap up this cheap gift and send it back to them just to show them how cheap they are? ANGRY

DEAR ANGRY: Forget that little scheme. It would only show them how cheap YOU are.

CONFIDENTIAL TO UNCLE MAX: It's not so important to add YEARS TO YOUR LIFE as it is to add LIFE TO YOUR YEARS.
